

ROADBOOK : 23rd to 30th August

WELCOME

in DOUARNENEZ

Dear Dragon sailors,

It is with great pleasure and pride that I welcome you to Douarnenez for the 2025 edition of the Dragon Gold Cup. As President, I am delighted to see so many talented and passionate people gathered here to celebrate our passion for Dragon, sailing and competition.

Douarnenez, with its rich heritage and legendary bay, is the ideal place to host such a major event. I would like to extend my warmest thanks to the City of Douarnenez, the Community of Communes, the Département, the Region, the private partners and the hundred of volunteers and organisers for their commitment and hard work in making this competition possible.

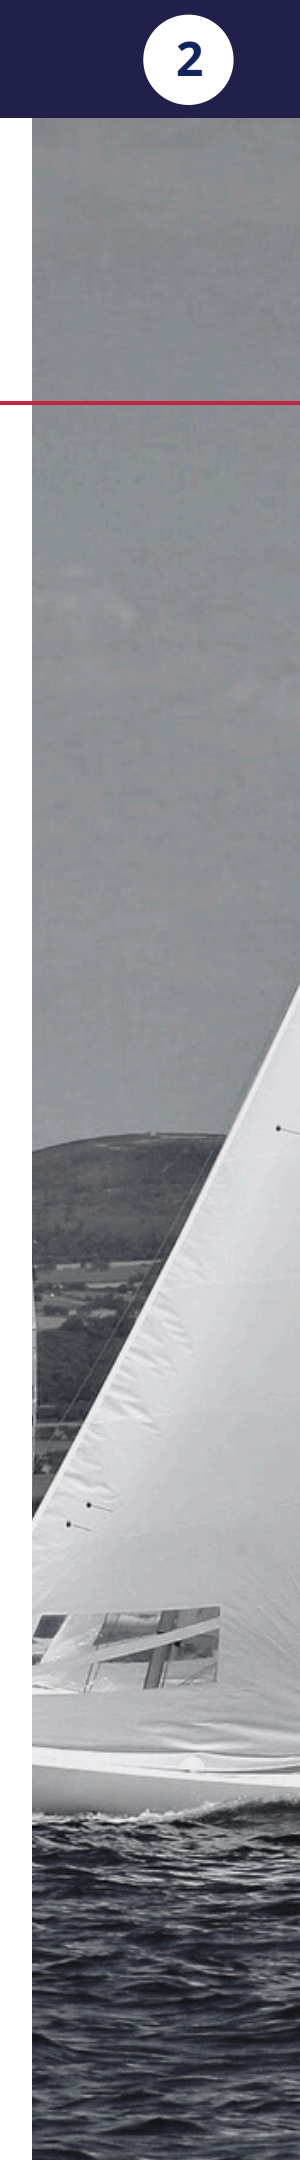

The Dragon Gold Cup is much more than just a regatta; it's a celebration of sportsmanship, friendship and camaraderie. It's an opportunity for all of us to come together, share unforgettable moments and create bonds that will last well beyond this week.

In this road-book, you'll find all the information you need to prepare this competition and make the most of it.

I wish all the crews a fair and exciting YANMAR Dragon Gold Cup 2025. May the best teams win, and above all, may each and every one of us make the most of this unique experience.

Yours faithfully,

Hervé Chauvin
Président, Société des Régates de Douarnenez

THE BAY

Located in the heart of Finistère, Douarnenez Bay is one of the most beautiful sailing areas in Brittany. Framed by the headlands of Morgat and Cap de la Chèvre to the north, and Pointe du Van to the south, it offers an exceptional setting for sailing, where open sea meets natural shelter.

Renowned for its steady winds and gentle swell, the bay is a favorite playground for sailors. Its ideal orientation, consistent breeze, and wide, unobstructed space make it a perfect venue for hosting a prestigious event like the Dragon Gold Cup.

Welcome to Douarnenez, welcome to the bay and fair winds to all !

But Douarnenez Bay is more than just a racing course, it is steeped in maritime tradition. Home to generations of fishermen, shipbuilders, and seafarers, it has lived to the rhythm of the sea for centuries. Today, the port of Tréboul, now focused on yachting and competition, continues this proud legacy.

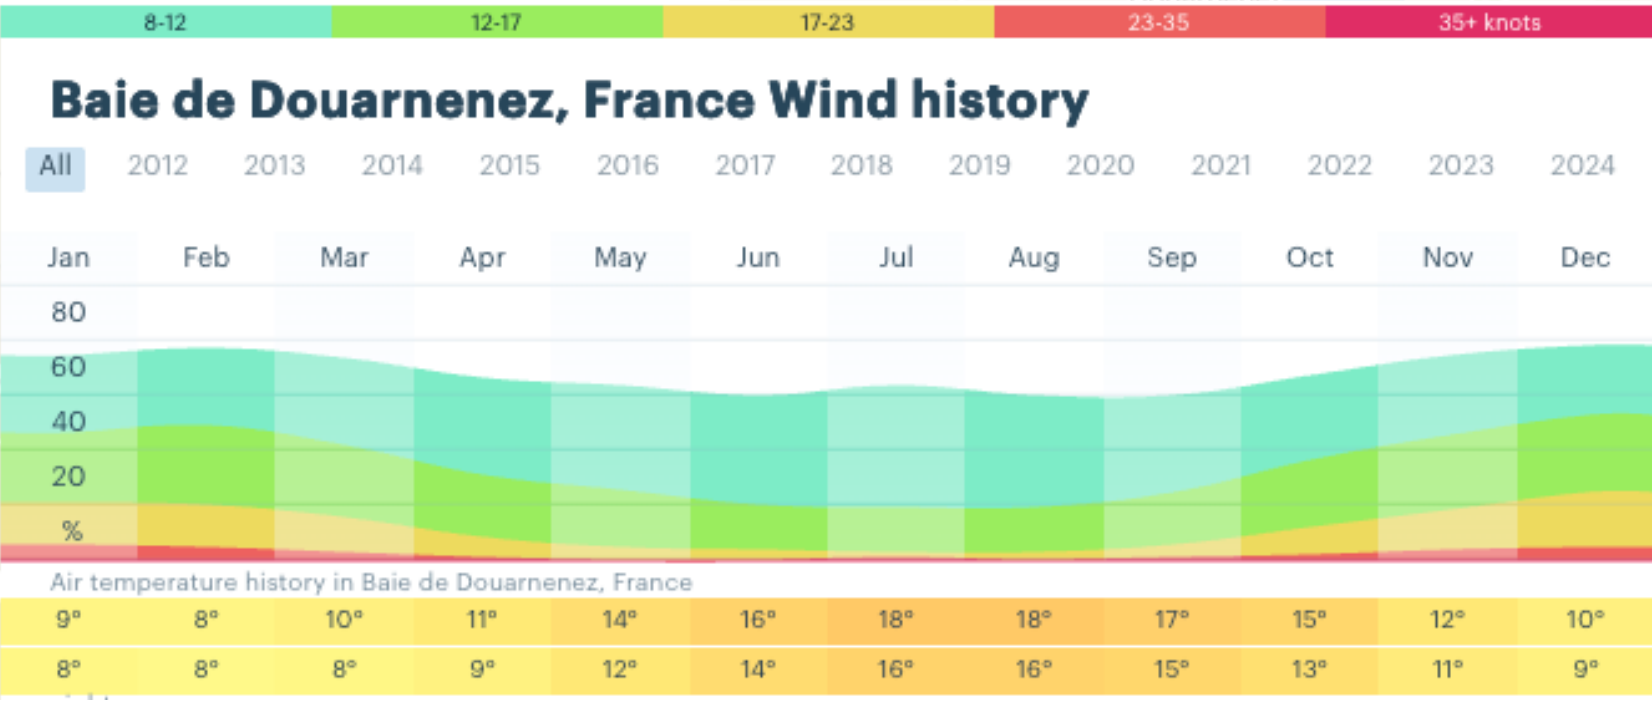

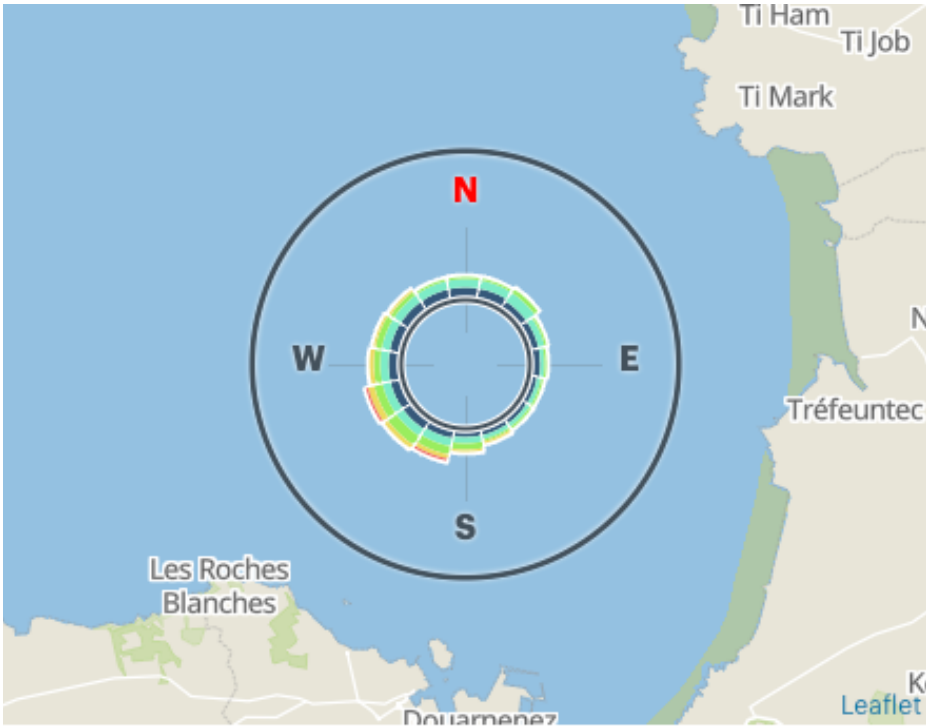

Here, crews from around the world will discover not only a spectacular and demanding race area, but also an authentic, welcoming region proud of its roots.

TRAILER PARK

23rd and 24th August

Craning in on reservation :

- Saturday 23rd: 2 pm to 6 pm
- Sunday 24th: 9 am to 12 am and 2 pm to 6 pm

After craning out, go to the car park (marked in red on the map) to park your trailer. Volunteers will be there to help you.

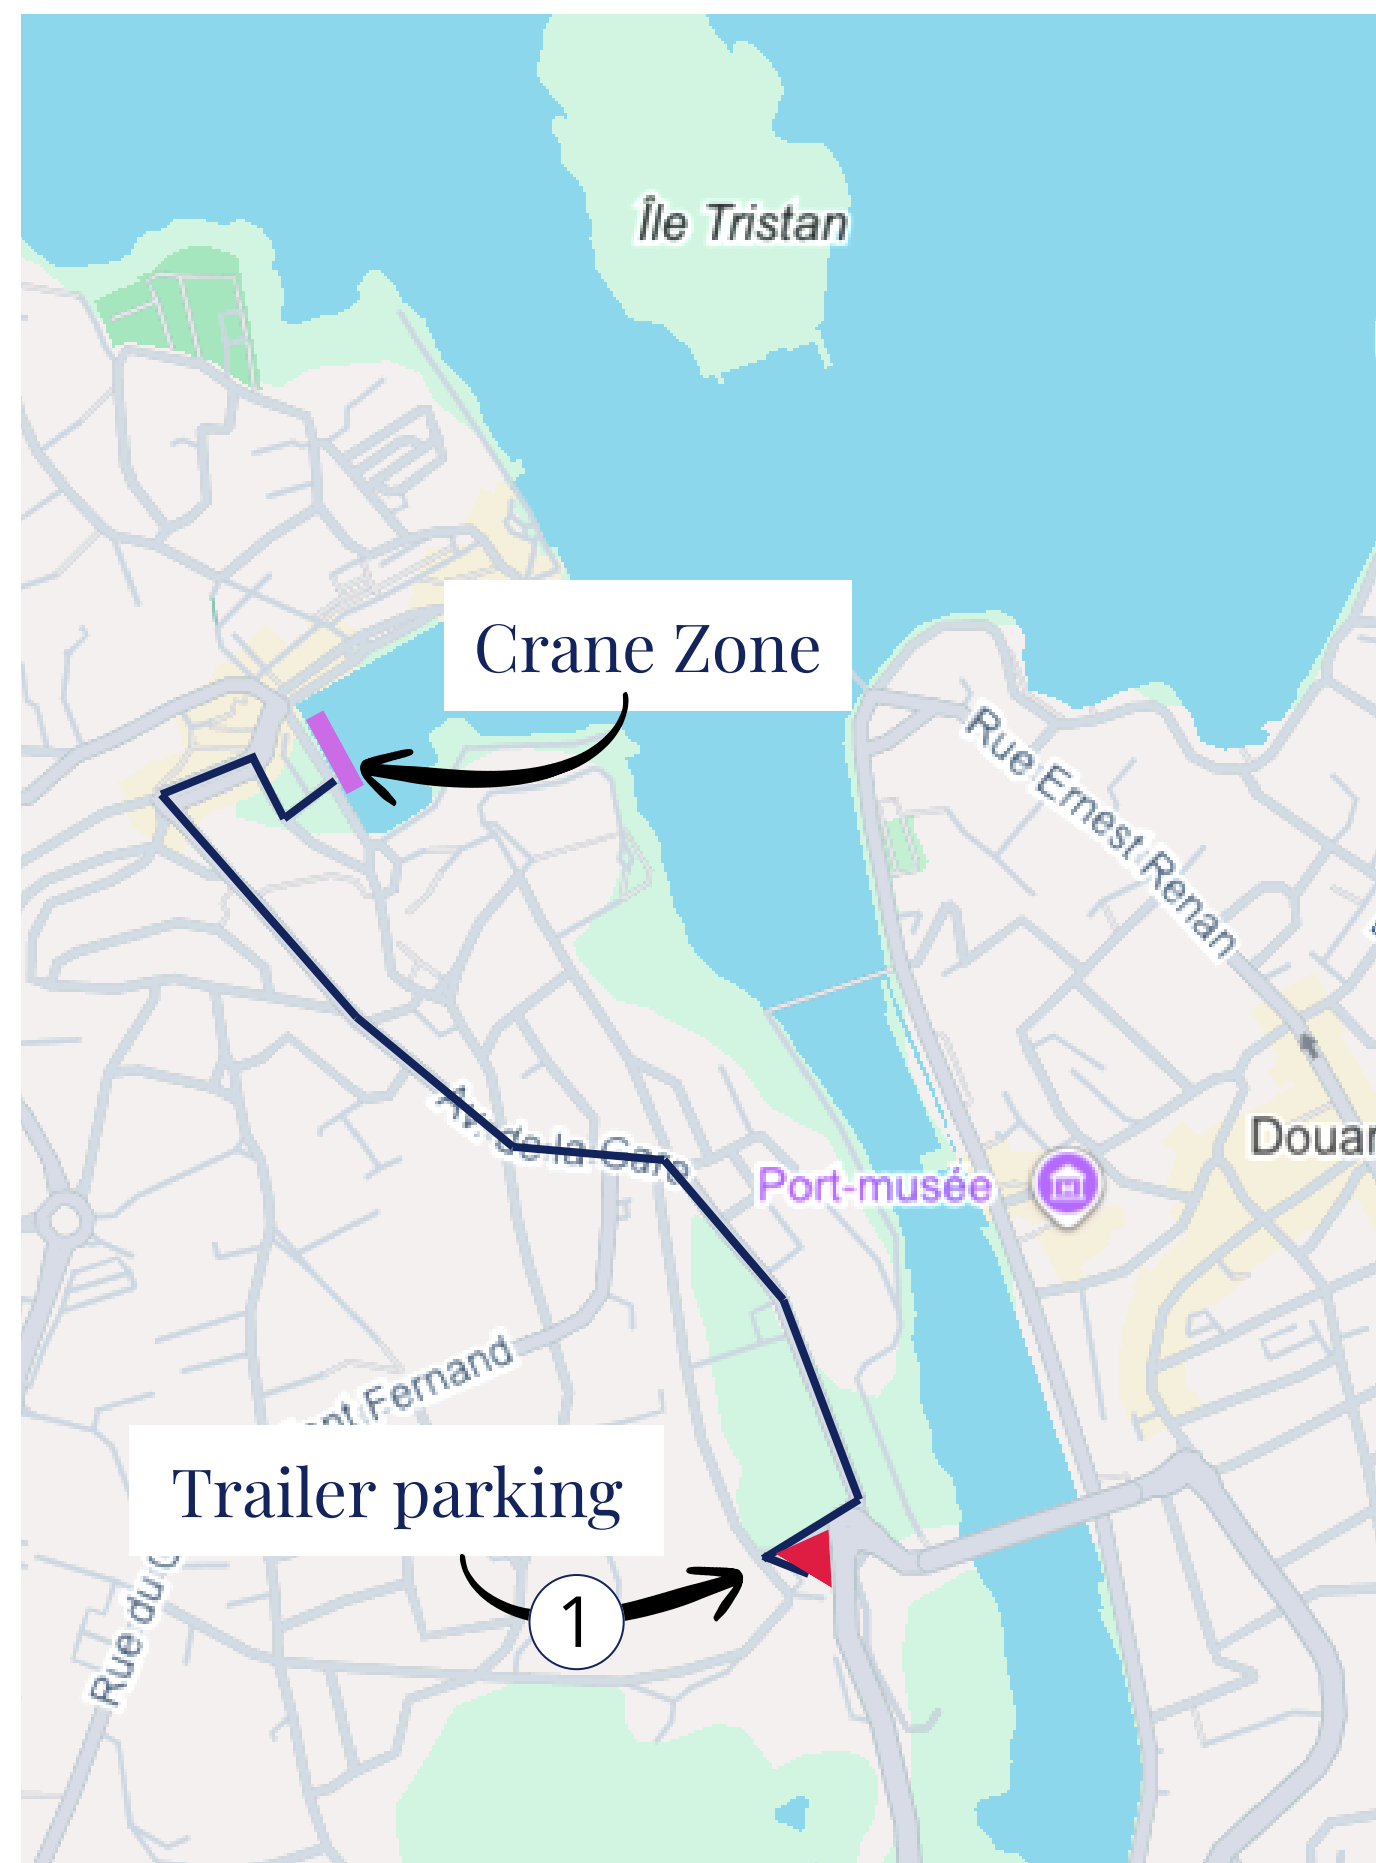

① 75 Rue ar Véret, 29100 Douarnenez

30th August

The craning out order will be given on Friday, 29 August during the presentation of the day's prizes. It will be based on the ranking after 5 races.

Due to the Saturday morning market, the first 30 on the list will be invited to bring their trailers to the car park near the crane indicated on the general map (page 7) on Friday evening, to ensure that craning operations start on time after the last race and run smoothly.
